PURPOSE/BACKGROUND:

The Las Vegas Valley Water District inspected the water distribution facilities in conjunction with the newly completed Tenaya Neighborhood Park, which are to be owned, operated and maintained by the Water District. The inspection determined that said facilities have been installed in accordance with the Water District's standards and specifications. Therefore, the water facilities constructed for the City have been accepted by the Water District as being satisfactorily completed on June 22, 2006 and the City now turns the property over to the Water District.
